

# Diligent Consulting

## Trauma Program Development

Diligent Consulting partners with hospitals, healthcare systems, and state agencies to design, develop, and optimize high-performing trauma programs. Our team provides expert guidance and works to ensure that your hospital is prepared to meet both clinical and verification demands.

### Our Services

#### **Trauma Center Feasibility Assessments**

We evaluate your hospital's readiness, market need, and financial sustainability to determine whether trauma center designation is the right path forward.

#### **Trauma Program Development**

We guide you through every phase of trauma program development, including planning, staffing, policy development, and verification or designation.

#### **Financial and Operational Optimization**

We help trauma centers improve financial sustainability and operational efficiency by analyzing readiness costs, trauma charge utilization, and revenue cycle effectiveness.

Let's build a high-performing trauma program together.
